The lawyers at Critchfield assist new and existing liquor permit holders with applications for new permits, the sale or purchase of existing permits, transfers, and when needed, the submission of a permitting issue to voters via a local liquor option election.

Our extensive knowledge of liquor laws in Ohio and our experience with the application process required by the Ohio Department of Commerce, Division of Liquor Control, ensures that applications are handled quickly and efficiently.

We have represented clients in a number of businesses that may require liquor permits, including bars, restaurants, breweries, and social venues such as country clubs and golf courses.
